EDUCATION

2024 - 2026 | Chas Academy
Stockholm

FRONTEND DEVELOPER - MOBILE & WEB

Studying advanced JavaScript, React, and TypeScript at Chas Academy, with a focus on responsive design, mobile development, and UX/UI. The education emphasizes mobile-first and hands-on experience with React Native and TypeScript to build scalable web and mobile applications.

2021 - 2023 | Medieinstitutet
Stockholm

WEB DEVELOPMENT IN E-COMMERCE

Higher Vocational Diploma in Web Development with a Specialization in E-commerce. Courses covered front-end and back-end development, database technologies, system development with frameworks, integration with third-party systems, e-commerce platform development, as well as work and project methodologies.

WORK EXPERIENCE

2025 - Current | The Generation
Stockholm

FRONTEND DEVELOPER INTERN

I work on developing websites based on their proprietary G-theme. My work includes developing and customizing functionality and layout using PHP, Sass, and JavaScript. I have worked on live client projects and am involved throughout the entire development process.

2022 - 2023 | Sphinxly
Distance

WEB DEVELOPER INTERN

Collaborated with two other interns at Sphinxly to develop a customer website using Easyweb CMS, React.js, TypeScript and SCSS. I was also involved in various parts of other customer projects and support cases, where I contributed to the development work.
